

SAFETRAN Flagger Certification Course

California now requires Flaggers to be trained before flagging traffic on a public street

Information: The SAFETRAN Flagger Training is a 4-hour course which conforms to CCR Title 8, Section 1599. This course includes guided professional instruction on how to safely flag vehicular traffic and how to set up a legal flagger station.

Registration: To register, contact SAFETRAN (510) 894-0229

Schedule/Topics Covered: SAFETRAN will provide your employees with a California based Flagger Certification Training based upon Cal-OSHA Title 8 CSO; the class will include all of the following training aspects:

| | |
|---------------------------------------|----------------------------|
| Introduction to Traffic Safety | Work Zone Layout |
| Overview of OSHA regulations | Flagger Station |
| Cal/OSHA regulations | Flagger Hand Signals |
| Special Clothing & PPE | Traffic Control Techniques |
| Night Operations | Special Personal Gear |
| Workzone Hazards | Emergency Evacuation |
| Temporary Traffic Control Plan (TTCP) | Emergency Vehicles |
| Flagger Characteristics | Violations |
| Flagger Equipment | Traffic Accidents |
| Signs, Channelizing Devices | Hostile Drivers |

Course Materials: Each student will receive a SAFETRAN Flagger Manual

The class: Scope includes a 25-question multiple choice written exam and Flagging demonstration (by instructor). Students will receive a Flagger Card at the completion of training (upon passing the exam).

Instructor: This seminar is taught by Daniel J. O'Connell, CSP, CIT, CHMM, CHST, CHCM, REA Certified Safety Professional Flagger Instructor and Traffic Control Supervisor. Daniel is a practicing Heavy Civil Construction Safety Engineer with over 40 years' experience on Caltrans and Federal highway and bridge construction projects.

Training Investment: Training tuition is \$175 per person paid in advance, all training courses are a minimum class of 10 persons. Training can be held our location or yours (travel expenses for onsite distance training additional).
