Construction Safety Expert (Testimonial): “This office has worked with Daniel J. O’Connell of SAFETRAN on several occasions regarding matters of safety and health at construction sites in the state of California. Mr. O’Connell a Certified Safety Professional (CSP) is experienced and qualified to provide assistance in these areas. He is a no-nonsense individual and would bring his comprehensive background to such a role.”

Heavy Trucking Safety (Testimonial): “I’ve known Daniel for approximately 7 years, he has served as an expert witness for my firm on multiple occasions. I’ve twice seen Daniel in deposition, and have once examined him at trial. He did very well on each occasion and stayed strong on cross-examination, and was calm, cool, and collected. I would recommend his services as he would be an asset to any case or organization.”

Intermodal Shipping Port (Testimonial): “In our search for a safety professional with intermodal transportation experience, my law firm designated Mr. O’Connell an expert to testify in our jostling injury case of a Teamster. His professionalism exceeded our expectations, and from a Plaintiff’s attorney perspective, he has my highest recommendation.”
